

Justin Piscitell moves into second place in the Playboy Mazda MX-5 Cup standings after round 2 at Road Atlanta

In round 2 of the MX-5 Cup championship Justin again had a solid performance finishing in 4th place. He was, for the second race in row, less than 1 second behind the winner (.800 and last week at VIR .543).

After being one of 4 racers to shatter the track record in qualifying runs on Saturday, Justin started the race in second place, but after being waylaid by lapping traffic had to eventually fight his way back in the final three laps to challenge for the win. But he ran out of time, finishing on the bumper of the 3d and 2nd place cars at the checkered flag. His performance was good enough for him to jump into second place in the points standings. The circuit moves to California next where Justin competes at historic Mazda Raceway at Laguna Seca May 21-23.
